92nd row: Purl

Repeat rows 57 – 92, adding 2 more repeats of the section between the square brackets each time you repeat the 36 rows.

For example, the next row will be:

K1, yo, \*[(k2tog) 3 times, (yo, k1) 6 times, (k2tog) 3 times] 5 times\*\*, (k1, yo) twice, k1, repeat from \* to \*\* once, yo, k1

Continue knitting until your shawl measures:

12 – 16 inches wide for a head scarf

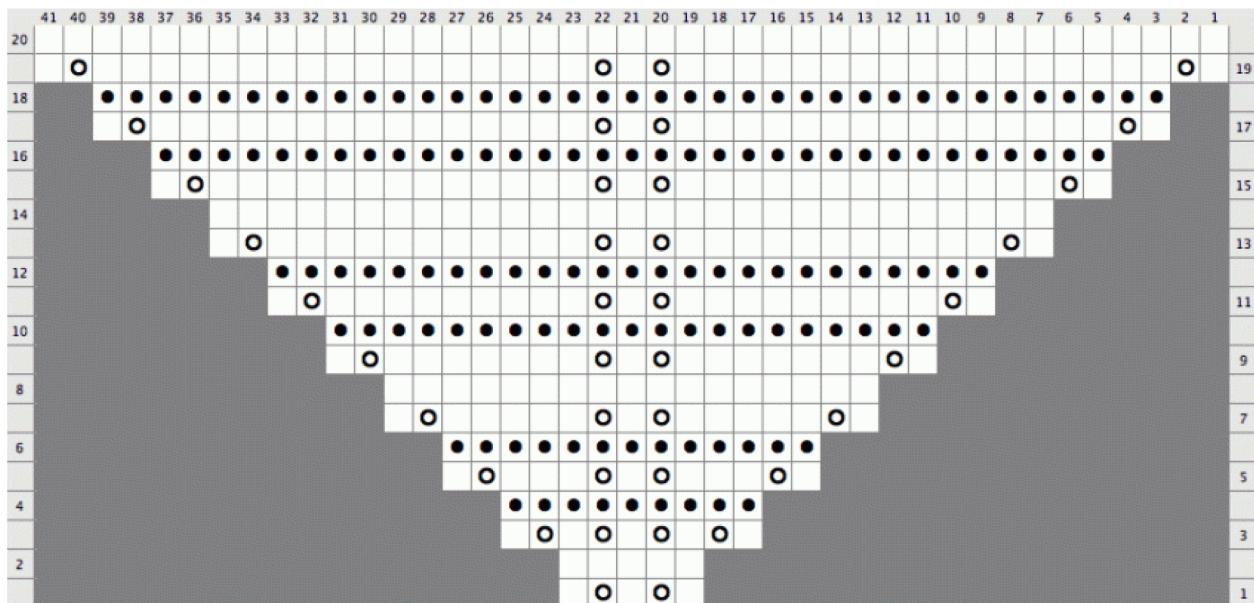

4 ft wide for a shoulder shawl or

The recipient's height for a full size shawl. For example, this shawl is for my daughter who is 5ft tall so I made her shawl 5ft wide across the top.

The next chart is shown sideways. You will need to print it over several pages and stick it back together as it is very wide.

Chart for rows 21-56. Add two repeats of the shaded section for rows 57 to 92 and so on, each time you work through the chart until your shawl is wide enough.

Work, following the charts until your shawl measures:

12 – 16 inches wide for a head scarf

4 ft wide for a shoulder shawl or

The recipient's height for a full size shawl. For example, this shawl is for my daughter who is 5ft tall so I made her shawl 5ft wide across the top.

## Finishing

Darn in all loose ends.

Work a row of double crochet (US single crochet) into the yarn over eyelets across the top using a crochet hook 2 sizes larger than the needles you used to knit your shawl (to compensate for the extra length).

Add a fringe if desired.

For a head scarf, make a twisted cord 30 – 34 inches long and thread it through the eyelets across the top of the scarf.
